

Ilia Mashkov

Frontend Developer

iliamashkov@proton.me • [LinkedIn](#) • Serbia

Frontend Developer with 4+ years of experience across web and mobile, working with a broad stack - from React-based solutions to Svelte and Astro - across real-time dashboards, performance-critical interfaces, and data-driven tables. Driven by love of craft and attention to detail, I consistently push products beyond baseline expectations - threefold TTI improvement and a doubled conversion rate among the highlights. Open to new challenges and ready to contribute from day one. Live project: glyphdiff.com - Source: git.allmy.work

Experience

Jetlend, Fintech: crowdlending market leader in Russia

Moscow, Russia

Frontend Developer (Middle)

January 2024 – December 2025

Delivered frontend across multiple products - web and mobile client applications, internal dashboards, and a company landing page - serving 30,000+ daily users.

- Cut TTI threefold - from 10 to 3 seconds - by re-architecting the API and refactoring the frontend.
- Doubled conversion rate against the historical average by leading new registration module development.
- Cut feedback loops by involving QA at the planning stage, reducing communication overhead across the team.

Leads For Finance, Fintech: lead generation for banks

Barcelona, Spain

Frontend Developer (Junior)

December 2022 – November 2023

Migrated frontend from PHP to React, delivering a production-ready lead-generation platform with a complex multi-step form at its core.

- Refactored a half-finished freelance codebase into a scalable, maintainable application.
- Pitched and led the development of a user dashboard from task decomposition to release, enabling existing users to manage and update their profile data independently
